

## Questions to ask your dental implant doctor

---

**Q. Who will place your implants and new teeth, and what are the doctors' qualifications and experience?**

**A. ClearChoice:** Your implants will be placed by a specialist: a board certified Oral Surgeon hospital trained in oral surgery and anesthesia. Your new teeth will be placed by a specialist: a Prosthodontist with an advanced degree and residency specializing in the restoration and replacement of failed and missing teeth.

**A. Other doctor:**

---

---

---

---

**Q. What type of anesthesia will be used?**

**A. ClearChoice:** Your ClearChoice surgeon is hospital trained in anesthesia and will use IV sedation to make your procedure as comfortable as possible.

**A. Other doctor:**

---

---

---

---

**Q. How many procedures of this type has your dentist done?**

**A. ClearChoice:** ClearChoice doctors have placed thousands of dental implants, and have done hundreds of cases just like yours.

**A. Other doctor:**

---

---

---

---

**Q. Will all of your treatment be done at one location?**

**A. ClearChoice:** Your case will be handled by an integrated team of specialists and professionals, and your complete procedure, start to finish, will be handled at our all-in-one dental implant center.

**A. Other doctor:**

---

---

---

---

**Q. Will your dentist use a CAT Scan to get a complete 3D image of your dental needs, including bone condition and location of nerves, for use in planning your treatment?**

**A. ClearChoice:** Our 3D CAT Scan is used in every case to ensure ideal placement of the implants and to avoid nerves.

**A. Other doctor:**

---

---

---

---

**Q. Does your dentist have an on-site lab that will produce your new teeth and immediately handle any needed adjustments or repairs?**

**A. ClearChoice:** Every ClearChoice center has a fully equipped on-site lab to make your new teeth and ensure a perfect fit and beautiful smile—immediately, without waiting for an outside lab.

**A. Other doctor:**

---

---

---

---

**Q. Will your implants and new teeth be placed in the same day?**

**A. ClearChoice:** In most cases, we place implants and beautiful new teeth in just one day and without bone grafting. Also, you will never be left without teeth, or in a temporary removable denture.

**A. Other doctor:**

---

---

---

---

**Q. What happens if an implant fails or you need repairs to your new teeth?**

**A. ClearChoice:** In the rare case that an implant becomes loose we will replace it at no charge. Future repairs that may be needed will be done at our on-site lab, usually at no charge.

**A. Other doctor:**

---

---

---

---

**Q. What will be the total cost of your treatment, and will your dentist guarantee that cost up front?**

**A. ClearChoice:** ClearChoice provides a complete treatment plan and a guaranteed price with no additional or hidden charges later.

**A. Other doctor:**

---

---

---

---

**Q. How will your follow-up care be handled?**

**A. ClearChoice:** You can return to any ClearChoice center if repairs or adjustments are ever needed. Once your treatment is complete, we will refer you to a dentist near you for routine cleanings and maintenance.
